

May 2016

Welcome!

It is a pleasure to share with you IBA QEC's 8th newsletter. As QEC aims to contribute to IBA's goal of becoming one of the top business schools, these are some of the significant events that QEC-IBA have organized, attended and/or participated in.

It is also my last newsletter on behalf of the QEC, and I am sure I am leaving it in the very best of hands! Best of luck for the future!

Please feel free to share your feedback with us!

AACSB Accreditation Status

The iSER is being compiled for submission to AACSB under the guidance of the mentor.

Once the iSER has been accepted by AACSB, the clock will start ticking and we will have a specific number of years to ensure all the identified gaps have been closed. We will then hold the Peer Review Visit.

I do hope that the new Director QEC will have the full support of all stakeholders during the AACSB process.
