Turkey Study Tour

A group of 20 students led by Dr. Amber Gul Rashid (QEC) and Mr. Jami Moiz (IMC) departed for Istanbul, Turkey in August 2014. The objectives of the Istanbul Study Tour were two fold. The first and foremost was to understand the Turkish business and socio-economic environment as well as obtain insights into the Turk consumer behavior. The second was to appreciate the historical, cultural and economic development of the Ottoman Empire and eventual transformation into a republic and democracy. The tour was extremely successful and both the faculty and the students learnt a great deal from it.
